Here's some notes from the call...

Extension on 104(e) response from Cindy. Will pull together documents and explanation/narrative to accompany. Will provide us a copy of the material they are sending to the Army. Will also send to LSP. Need Lt. Porter's address (Paige will send). EXPLO also sent a letter to GD explaining that the material on-site does not relate to GD (i.e. is demilitarized and has CODs). Some M30 was sent to EXPLO from GD. Could have different sources. EPA is collecting documentation from several sources of the material.

-----Original Appointment-----
